Dear Neighbor,

Happy New Year to every last one of you! May God bless this year to be better for you in every way. I pray your health is better, your finances are flowing, your spirit is strong and your family is experiencing love.

2020 represents a time of manifesting our vision. In the Word, it says that the people perish because of a lack of knowledge or vision. What is the vision for your life and how are you working to manifest it?

My vision for Ward 7 is for it to be a place that provides safety, culture, education and economic opportunities. My vision for Ward 7 is that it becomes a place that provides the perfect soil for our young people to grow in and a place of comfort for our seniors who have spent their whole lives taking care of us.

This year you will see investments into our parks and recreation centers. You will continue to see new homes and businesses built and an increase in jobs. You will see our roads fixed and artwork popping up throughout our Ward.

Councilman Jones cordially invites Ward 7 residents and stakeholders to the 2020 State of the Ward Address.

Come and learn about the work Councilman Jones has done during the previous year and the projects that are set to take place in the near future.

Reception to follow with light refreshments served.

God Bless,

Basheer S. Jones
Councilman, Ward 7
For Christmas, Councilman Jones and family dropped off teddy bears to seniors at Eliza Braynt Nursing Home.

ABOVE: Councilman and Ward 7 staff passed out 1000 turkeys. Thank you Famicos Foundation, Willson middle school students and all volunteers.

We can’t wait for this weather to break!

Let’s continue to increase artwork in our Ward!

Check out the new mural on E. 55th Street, between Quimby and Utica. Thank you to the fantastic artists Brandon Graves and Sharif. Follow him on Instagram @tha_beezer
