Whereas, every day in Greater Cleveland, thousands of meals and snacks are served to children beyond school hours, to seniors beyond their homes, and to community residents via countless community centers, food banks, and food pantries; and

Whereas, the majority of these meals are served to the one in six Cleveland residents who are struggling to find their next meal, and obtain an invaluable source of nutrition, community engagement, and sustenance; and

Whereas, Healthy Cleveland's healthy eating subgroup developed nutrition guidelines for food served based on the USDA Dietary Guidelines current recommendations for consumers; and

Whereas, these guidelines were developed in partnership with The Cleveland Foodbank, Children's Hunger Alliance, Hunger Network of Greater Cleveland, City of Cleveland, Healthy Cleveland, Cuyahoga County, Cleveland Clinic, Ohio State University Extension and The Cleveland-Cuyahoga County Food Policy Coalition; and

Whereas, Cleveland City Council acknowledges its partners The Cleveland Foodbank, Children's Hunger Alliance, and Cleveland Clinic who helped develop the guidelines and are early adopters of the guidelines; and

Whereas, the City of Cleveland plans to adopt these nutrition guidelines at all of its facilities, and encourages other community organizations to adopt Healthy Cleveland nutrition guidelines; and

Ord. No. 1397-14.

By Council Members Cimperman, Zonc and Cummins.

An emergency ordinance to supplement the Codified Ordinances of Cleveland, Ohio, 1976, by enacting new Sections 516.01 to 516.06, to establish a Decorative Street Painting Permit.

Whereas, this ordinance constitutes an emergency measure providing for the usual daily operation of a municipal department; now, therefore,

Be it ordained by the Council of the City of Cleveland:

Section 1. That the Codified Ordinances of Cleveland, Ohio, 1976, are supplemented by enacting new Sections 516.01 to 516.06 as follows:

**CHAPTER 516
DECORATIVE STREET
PAINTING PROGRAM**

Section 516.01 Purpose

The City of Cleveland establishes a Decorative Street Painting Program for the purpose of promoting the following:

- (a) To make City streets attractive environments;
- (b) To encourage and support communities to work cooperatively to beautify neighborhoods;
- (c) To encourage civic engagement on the part of residents and stakeholders of local neighborhoods;
- (d) To encourage well-designed, creative and aesthetically pleasing decorative street paintings that relate to the history and culture of the neighborhood.

Section 516.02 Decorative Street Painting Program

Persons interested in painting decorative designs on City streets may submit an application to the Director of Capital Projects ("Director"), which application shall be reviewed in accordance with the provisions of this Chapter. If approved, the Director may accept the painting of designs on the pavement of City streets as a donation.

Decorative street painting shall be considered "speech" of the City; the display of street designs shall not cause the City's public street pavements to be considered "public forums" on which street paintings are authorized without acceptance of the donated painting by the City.

Section 516.03 License Application

An application for a License to perform decorative street painting shall be made to the Director of Capital Projects upon a form provided by the Director for that purpose. The application form shall include the following:

- (a) The name, address, telephone number, and e-mail address of the applicant and a contact person primarily responsible for the decorative street painting;
- (b) A detailed description of the design proposed to be painted, including a scale, color diagram or drawing;
- (c) A detailed description of the proposed location of the design, meeting the requirements of Section 516.06;
- (d) A petition of support with signatures from not less than 51% of the owners of property within a 200 foot radius from the design location, indicating approval of the project and location. The Director may modify the petition boundaries when deemed appropriate and shall also certify the accuracy of the petition;
- (e) Any additional information deemed necessary by the Director.

Section 516.04 License Fee; Issuance

- (a) An application for a license shall be accompanied by a fee in an amount not to exceed the cost of administering the application as established by the Board of Control.
- (b) On the approval of an application by the Director, the Commissioner of Traffic Engineering, the City Planning Commission as to the proposed design, and upon compliance with the Council notification provision described below, the Director shall issue a license in accordance with this Chapter.

(c) Upon receipt of an application in compliance with this Chapter, the Director shall notify the City Councilmember(s) in whose ward(s) the street painting design is proposed. The Director shall issue a license for decorative street painting in the ward(s) of the City Councilmember(s) so notified, unless within fifteen (15) days of receipt of notification an objection or comment is received by the Director. If the notification to the Director is in the nature of a comment rather than an objection, then the Councilmember(s) shall have an additional fifteen (15) days in which to submit an objection.

Section 516.05 Rules and Regulations

The Director, consistent with the provisions of this Chapter, shall establish rules and regulations as the Director deems proper with respect to decorative street painting conditions, including acceptable paint materials to be used. The issuance of licenses shall be subject to the rules and regulations established by the Director.

Section 516.06 License Conditions

A license to paint decorative designs on certain City streets shall be subject to the following conditions:

(a) *Eligible Locations:* A design may only be located on an alley, way, or court, and shall not be located within 60 feet of an intersecting street.

(b) *Paint and Design Elements:* The proposed design shall include decorative designs and patterns only, and shall contain no numerals, symbols, or overt messages, including commercial messages, or text.

(c) *Prohibited paint or design features:*

- (1) The paint and resulting design shall not include any relief or texture (except anti-skid texturizing material), or retroreflectivity;
- (2) The design shall not create a three-dimensional or multi-dimensional effect or other optical illusion;
- (3) The design shall not include any element that mimics or imitates an official traffic control device or marking or would be confused with the same; and
- (4) The design shall not include any element that interferes with or hinders the visibility of an official traffic control device or marking already in place, such as stop lines, marked cross walks, edge lines, lane markers, or bike lane markers.

(d) The licensee shall notify all households and businesses within a 200 foot radius from the design location at least 14 days prior to any painting of the street.

(e) The Licensee shall be responsible for all costs associated with the painting of the street including, but not limited to, costs of labor, paint, other materials, and cleanup of the street area upon completion of the painting.

(f) *Project Installation Procedure.* Once the license has been granted under this Chapter, the licensee must apply for and obtain any permits necessary for the use of the public right-of-way.

(1) The licensee shall maintain, at no cost to the City, all aspects of the project and shall apply for and obtain any permits necessary for the use of the public right-of-way during maintenance.

(2) The licensee assumes all risk in placing the painted design on the City

street including any damages, vandalism, and/or destruction of the painted design.

(g) *Indemnification.* If a license is approved, the licensee shall agree to indemnify the City of Cleveland.

(h) The City shall not be responsible for damage to the design regardless of cause, including but not limited to damage caused by any utility or contractor performing work in the right-of-way, or resulting from street surface maintenance. Additionally, if any portion of the design creates a hazard, the Director may require the removal of the painted design, and demand that the use of the City street for decorative street painting be discontinued without recourse against the City for any loss or damage occasioned by any such requirement.

(i) No license shall be transferable in any manner.

(j) Licensees and their agents shall comply with all the requirements of this Chapter.

(k) *Duration.* A license issued under this Chapter authorizes the design as approved for as long as the design exists, as long as the design does not change and it is repaired and maintained as required under the provisions of this Chapter. A request to change the originally-approved design will require an application for a new license, a new license application fee, processing as a new application, and acceptance by the City of the new donation.

(l) *License Revocation.* A license under this Chapter may be revoked by the Director at any time if the licensee violates the conditions of the approved license. Upon revocation of a license, the licensee shall, at no cost to the City, remove all aspects and/or features of a project. Prior to revocation of a license under this division, the City shall send written notice to the licensee.

Section 2. That Sections 516.01 to 516.06 of the Codified Ordinances of Cleveland, Ohio, 1976, shall take effect 90 days after the effective date of this ordinance.

Section 3. That this ordinance is declared to be an emergency measure and, provided it receives the affirmative vote of two-thirds of all the members elected to Council, it shall take effect and be in force immediately upon its passage and approval by the Mayor; otherwise it shall take effect and be in force from and after the earliest period allowed by law.
