FIRST READING EMERGENCY ORDINANCES REFERRED

Ord. No. 261-10.

By Council Member Sweeney (by departmental request).

An emergency ordinance authorizing the issuance and sale of water revenue obligations in the maximum principal amount of \$50,000,000 to fund costs of acquiring automated water meter reading infrastructure and authorizing related matters.

Whereas, the City has determined to deploy a system to automatically collect water meter readings and other data related to water use and for that purpose it is necessary for the City to acquire equipment, install software and integrate the advanced water meter infrastructure with the existing billing and security systems in the Division of Water (the "Project");

Whereas, the City is authorized under Article XVIII of the Constitution of the state of Ohio and the Charter of the City to make improvements to the Waterworks System and to borrow money to pay costs of those improvements, subject to compliance with the covenants of the City in the Amended and Restated Trust Indenture, effective as of October 5, 2001, as supplemented and amended from time to time, between the City and U.S. Bank National Association, as trustee (the "Bond Indenture"), securing the City's outstanding Water Revenue Bonds and any additional Water Revenue Bonds issued from time to time (collectively, the "Bonds");

Whereas, this Council has determined that it is necessary to issue obligations to provide interim funding for the Project as provided in this ordinance (the "Obligations") in anticipation of definitive financing to be provided by additional Bonds to be issued under the Bond Indenture to retire the Obligations and to fund other improvements to the Waterworks System; and

Whereas, this ordinance constitutes an emergency measure pro-

viding for the immediate preservation of the public peace, property, health and safety in that this ordinance is required to be immediately effective to permit the issuance and sale of the Obligations to fund contracts for the acquisition of the Project for the operation of the Waterworks System and thereby provide for the usual daily operation of a municipal department; now, therefore,

Be it ordained by the Council of the City of Cleveland:

Section 1. Purpose. It is deemed necessary to issue the Obligations in an aggregate principal amount not to exceed Fifty Million Dollars (\$50,000,000) to pay a portion of the costs of the Project, including costs of acquiring meters, registers, computer hardware and software and other equipment, fees and expenses for technology and other professional services for the installation of the equipment and software and its integration with existing billing and security systems, funding any capitalized interest and paying all expenses incurred in connection with the issuance of the Obligations.

Section 2. Authority, Security and Source of Payment. The Obligations shall be issued pursuant to the Article XVIII of the Ohio Constitution, the Charter of the City, and this Ordinance for the purpose stated in Section 1. The Obligations shall be payable from and secured by the net revenues of the Waterworks System in the Additions and Improvements Fund established under the Bond Indenture on a basis subordinate to the Bonds under the Bond Indenture. The Obligations shall not constitute "Bonds" under the Bond Indenture. The principal of the Obligations may not be accelerated if any Bonds are outstanding under the Bond Indenture unless those outstanding Bonds have been accelerated.

Section 3. Rate Covenant. So long as Obligations are outstanding, the City covenants, subject to all applicable requirements and restrictions imposed by law, that at all times it will prescribe and charge such rates and charges for the services of the Waterworks System, and will so restrict operating expenses of the Waterworks System as shall result in net revenues of the Waterworks System in each year at least equal to amounts required to comply with its covenants under the Bond Indenture and to pay the principal of and interest on the Obligations in the then current year (less any interest funded from proceeds of the Obligations).

Section 4. Terms of the Obligations. (a) **Amount, Designation, Dating, Denominations.** The Obligations shall be issued in the principal amount, which shall not exceed the amount stated in Section 1, and shall bear interest from their date until the principal amount is paid at the rate or rates per year and payable on the dates specified in the certificate of award providing for the final terms of the Obligations and the sale of the Obligations in accordance with this Ordinance (the "Certificate of Award"). The Obligations shall be issued in fully registered form and shall be designated, numbered and dated as determined

by the Director of Finance and set forth in the Certificate of Award. The Obligations may be delivered in book-entry form, in which case the Obligations shall be registered in the name of The Depository Trust Company or its nominee (together with any successor securities depository, the "Depository"), as registered owner, and immobilized in the custody of the Depository, and shall not be transferable or exchangeable (except for transfer to another Depository) without further action by the City as provided in the Registrar Agreement authorized in Section 6. The Obligations shall be issued in such denominations ("Authorized Denominations") as are stated in the Certificate of Award to be authorized denominations. The Obligations shall be signed by the Mayor and the Director of Finance, provided that either or both of those signatures may be a facsimile. The Registrar identified in Section 6 shall be the authenticating agent, registrar, transfer agent and paying agent for the Obligations.

(b) **Interest Rates.** If the Obligations bear interest at fixed rates of interest, the weighted average of such rates (taking into account the principal amount and maturity of each Obligation to which a rate applies) shall not exceed four percent (4%) per year. The Director of Finance may determine in the Certificate of Award, based on the written advice of a financial advisor, that the City's best interests will be served by causing all or a portion of the Obligations to be obligations bearing interest at variable rates. If the Director of Finance so determines, then the Director of Finance shall specify in the Certificate of Award the method and procedure by which the variable rate of interest to be borne by the variable rate Obligations shall be determined, whether by reference to a market index, by a remarketing agent or otherwise; provided that the variable rate Obligations shall not bear interest at a rate in excess of twenty-five percent (25%) per year. Provision shall also be made in the Certificate of Award for an assumed interest rate with respect to variable rate Obligations for purposes of complying with the rate covenant. Holders of variable rate Obligations may be given the right to tender their variable rate Obligations for purchase by the City at the times, on the terms, and subject to the conditions set forth in the Certificate of Award and any tender agreement. If the Director of Finance designates any Obligations as variable rate Obligations, and if the holders of the variable rate Obligations are to be entitled to tender the variable rate Obligations for purchase, then the Director of Finance shall also designate in the Certificate of Award for those variable rate Obligations the tender agent or agents and the remarketing agent or agents, which designations shall be based on the determination of the Director of Finance, based on the written advice of a financial advisor, that the parties so designated possess the requisite resources and experience to provide the services

required of them and that the terms on which the designated parties have agreed to provide such services are fair and commercially reasonable. The Director of Finance is authorized to enter into agreements in connection with the delivery of the variable rate Obligations, and from time to time thereafter so long as the variable rate Obligations are outstanding, with providers of Credit Support Instruments (as defined in Section 10), tender agents (which may be the Registrar provided for in Section 6), remarketing agents, and others as may be determined by the Director of Finance, based on the written advice of a financial advisor, to be necessary or appropriate to provide for the method of determining the variable interest rates, permitting holders the right of tender, providing for liquidity or credit support for the payment of the variable rate Obligations upon tender for purchase or at maturity or upon prior redemption, and providing for the repayment by the City of any amounts drawn under any Credit Support Instrument.

(c) **Maturity; Principal Payments; Mandatory Redemption.** The Obligations shall mature in the years and principal amounts set forth in the Certificate of Award, provided that the final maturity date of the Obligations shall be no later than December 1, 2015. The Obligations stated to mature in any year may be issued as serial Obligations or as term Obligations payable prior to stated maturity pursuant to sinking fund redemption (the "Term Obligations"). The Director of Finance shall determine in the Certificate of Award whether any of the Obligations shall be issued as Term Obligations, any dates (the "Mandatory Redemption Dates") on which the principal amount of the Term Obligations shall be payable pursuant to mandatory sinking fund installments rather than at stated maturity and the amount of principal to be paid on each Mandatory Redemption Date (the "Mandatory Sinking Fund Redemption Requirements").

If any of the Obligations are issued as Term Obligations, the Term Obligations shall be redeemed pursuant to the Mandatory Sinking Fund Redemption Requirements at a redemption price of 100 percent of the principal amount redeemed, plus interest accrued to the redemption date, on the Mandatory Redemption Dates. The aggregate of the moneys to be deposited with the Registrar for payment of principal of and interest on any Term Obligations shall include amounts sufficient to redeem on the Mandatory Redemption Dates the principal amount of Term Obligations payable on those dates pursuant to the Mandatory Sinking Fund Redemption Requirements (less the amount of any credit as provided in the Registrar Agreement).

The City shall have the option to deliver to the Registrar for cancellation Term Obligations in any aggregate principal amount and to receive a credit against the then current or any subsequent Mandatory Sinking Fund Redemption Requirement (and corresponding mandatory redemption obligation) of the

City, as specified by the Director of Finance, for Term Obligations stated to mature on the same principal payment date as the Term Obligations so delivered. That option shall be exercised by the City on or before the 15th day preceding any Mandatory Redemption Date with respect to which the City wishes to obtain a credit, by furnishing the Registrar a certificate, signed by the Director of Finance, setting forth the extent of the credit to be applied with respect to the then current or any subsequent Mandatory Sinking Fund Redemption Requirement for Term Obligations stated to mature on the same principal payment date. If the certificate is not timely furnished to the Registrar, the current Mandatory Sinking Fund Redemption Requirement (and corresponding mandatory redemption obligation) shall not be reduced. A credit against the then current or any subsequent Mandatory Sinking Fund Redemption Requirement (and corresponding mandatory redemption obligation), as specified by the Director of Finance, also shall be received by the City for any Term Obligations which prior thereto have been redeemed (other than through the operation of the applicable Mandatory Sinking Fund Redemption Requirements) or purchased for cancellation and canceled by the Registrar, to the extent not applied theretofore as a credit against any Mandatory Sinking Fund Redemption Requirement, for Term Obligations stated to mature on the same principal payment date as the Term Obligations so redeemed or purchased and canceled.

Each Term Obligation so delivered, or previously redeemed, or purchased and canceled, shall be credited by the Registrar at 100% of the principal amount thereof against the then current or subsequent Mandatory Sinking Fund Redemption Requirements (and corresponding mandatory redemption obligations), as specified by the Director of Finance, for Term Obligations stated to mature on the same principal payment date as the Term Obligations so delivered, redeemed or purchased and canceled.

(d) **Optional Redemption.** The Obligations may be subject to redemption prior to maturity by and at the option of the City, in whole or in part in Authorized Denominations, on the dates and at the redemption prices determined by the Director of Finance in the Certificate of Award, which may include payment of a make whole premium. Based on the written advice of a financial advisor, the Director of Finance may determine in the Certificate of Award that it is in the best interests of the City for some or all of the Obligations not to be callable prior to their stated maturity.

If optional redemption of Term Obligations at a redemption price exceeding 100% of the principal amount to be redeemed is to take place as of any Mandatory Redemption Date applicable to those Term Obligations, the Term Obligations, or portions thereof, to be redeemed optionally shall be selected by lot prior to the selection by lot of the

Term Obligations of the same maturity to be redeemed on the same date by operation of the Mandatory Sinking Fund Redemption Requirements. Term Obligations to be redeemed pursuant to this paragraph shall be redeemed only upon written notice from the Director of Finance to the Registrar. That notice shall specify the redemption date and the principal amount of each maturity of Term Obligations to be redeemed, and shall be given at least 45 days prior to the redemption date or such shorter period as shall be acceptable to the Bond Registrar.

If and to the extent provided in the Certificate of Award, the City may have the option to purchase any Obligation which is redeemable by optional redemption at a purchase price not less than the redemption price that would be payable if that Obligation were called for optional redemption on the date of the proposed purchase.

(e) **Redemption Procedures.** If fewer than all of the outstanding Obligations are called for optional redemption at one time and Obligations of more than one maturity are then outstanding, the Obligations that are called shall be Obligations of the maturity or maturities selected by the City. If fewer than all of the Obligations of a single maturity are to be redeemed, the selection of Obligations of that maturity to be redeemed, or portions thereof in Authorized Denominations shall be made by the Registrar by lot in a manner determined by the Registrar. If it is determined that less than all of the principal amount represented by an Obligation is to be called for redemption, then the registered owner of that Obligation shall surrender the Obligation to the Registrar (i) for payment of the redemption price of the principal amount called for redemption (including, without limitation, the interest accrued to the date fixed for redemption and any premium), and (ii) for issuance, without charge to the registered owner, of a new Obligation or Obligations of any Authorized Denomination in an aggregate principal amount equal to the unmatured and unredeemed portion of, and bearing interest at the same rate and maturing on the same date as, the Obligation surrendered.

The notice of the call for redemption of Obligations shall identify (A) by designation, letters, numbers or other distinguishing marks, the Obligations or portions thereof to be redeemed, (B) the redemption price to be paid, (C) the date fixed for redemption, and (D) the place or places where the amounts due upon redemption are payable. If so directed by the City, that notice may provide with respect to any optional redemption that the redemption is contingent on the deposit of money with the paying agent in an amount sufficient to pay the redemption price of the Obligations to be optionally redeemed. The notice shall be given by the Registrar on behalf of the City by mailing a copy of the redemption notice by first class mail, postage prepaid, at least seven days prior to the date fixed for redemption, to the registered owner of each Obligation subject to

redemption in whole or in part at the registered owner's address shown on the register maintained by the Registrar at the close of business on the fifteenth day preceding that mailing. Failure to receive notice by mail or any defect in that notice regarding any Obligation, however, shall not affect the validity of the proceedings for the redemption of any Obligation.

In the event that notice of redemption shall have been given by the Registrar to the registered owners as provided above, and there shall have been deposited with the Registrar on or prior to the redemption date, moneys that, in addition to any other moneys available therefor and held by the Registrar, are sufficient to redeem at the redemption price thereof, plus accrued interest to the redemption date, all of the redeemable Obligations for which notice of redemption has been given, the Obligations and portions thereof called for redemption shall become due and payable on the redemption date, and upon presentation and surrender thereof at the place or places specified in that notice, shall be paid at the redemption price, plus accrued interest to the redemption date. If moneys for the redemption of all of the Obligations and portions thereof to be redeemed, together with accrued interest thereon to the redemption date, are held by the Registrar on the redemption date, so as to be available therefor on that date and, if notice of redemption has been deposited in the mail as aforesaid, then from and after the redemption date those Obligations and portions thereof called for redemption shall cease to bear interest and no longer shall be considered to be outstanding. If those moneys shall not be so available on the redemption date, or that notice shall not have been deposited in the mail as aforesaid, those Obligations and portions thereof shall continue to bear interest, until they are paid, at the same rate as they would have borne had they not been called for redemption. All moneys held by the Registrar for the redemption of particular Obligations shall be held in trust for the account of the registered owners thereof and shall be paid to them, respectively, upon presentation and surrender of those Obligations, provided that any interest earned on the moneys so held by the Registrar shall be for the account of and paid to the City to the extent not required for the payment of the Obligations for redemption.

Section 5. Sale of Obligations. The Obligations shall be awarded to the purchaser identified in the Certificate of Award (the "Original Purchaser"). The Certificate of Award shall specify the final terms of the Obligations in accordance with law, the provisions of this Ordinance, the written advice of a financial advisor and the Original Purchaser's offer to purchase the Obligations, including: the principal amount of the Obligations, the purchase price (which shall be not less than 97% of the principal amount plus any accrued interest from the date of the Obligations to their date of delivery), the interest rate or rates, the

amounts and years in which principal installments are payable (at stated maturity or pursuant to Mandatory Sinking Fund Redemption Requirements), any optional redemption dates, the interest payment dates, the date of the Obligations, and any other matters required in this Ordinance to be set forth in that Certificate. As appropriate under the Charter, the Mayor, Director of Finance, Director of Law, Director of Public Utilities, Clerk of Council and other appropriate officers of the City are, and each of them is, authorized to take such actions as are necessary, appropriate and in the best interest of the City to establish the terms and requirements for delivery of the Obligations and to make such arrangements as are necessary with the Original Purchaser in order to establish the date, location, procedures, and conditions for the delivery of the Obligations to the Original Purchaser, to give all appropriate notices and certificates, to cause a true transcript of proceedings with reference to the issuance of the Obligations to be delivered to the Original Purchaser, to sign any transcript certificates, financial statements and other documents and instruments and to take such actions as are necessary or appropriate to consummate the transactions contemplated by this Ordinance and to take all steps necessary to effect the due execution, authentication and delivery of the Obligations. The Director of Finance is authorized to sign and deliver on behalf of the City a purchase agreement between the City and the Original Purchaser (the "Purchase Agreement"), approved as to form and correctness by the Director of Law, setting forth the terms and conditions on which the City agrees to sell the Obligations and the Original Purchaser agrees to buy the Obligations on terms consistent with this Ordinance, that are not substantially adverse to the City, and that are approved by the Director of Finance on behalf of the City, all of which shall be conclusively evidenced by the signing of the Purchase Agreement or amendments to the Purchase Agreement by the Director of Finance. The proceeds from the sale of the Obligations shall be applied as provided in the Certificate of Award. It is determined that the terms of the Obligations, as provided in this Ordinance and as may be provided in or pursuant to the Certificate of Award are in the best interest of the City and in compliance with all legal requirements.

Section 6. Registrar Agreement; Other Documents. The Director of Finance is authorized to sign and deliver, in the name and on behalf of the City, the Registrar Agreement between the City and the Bond Trustee, in its capacity as registrar and paying agent for the Obligations (the "Registrar"), in substantially the form as is now on file with the Clerk of Council in File No 261-10-A. The Registrar Agreement is approved, together with any changes or amendments that are not inconsistent with this Ordinance and not substantially adverse to the City

and that are approved by the Director of Finance on behalf of the City, all of which shall be conclusively evidenced by the signing of the Registrar Agreement or amendments thereto. The Director of Finance shall provide for the payment of the services rendered and for reimbursement of expenses incurred pursuant to the Registrar Agreement, except to the extent paid or reimbursed by the Original Purchaser in accordance with the Purchase Agreement, from the proceeds of the Obligations to the extent available and then from other money lawfully available and appropriated or to be appropriated for that purpose.

No Obligations shall be valid or obligatory for any purpose or shall be entitled to any security or benefit under this Ordinance unless and until the certificate of authentication printed on the Obligation is signed by the Registrar as authenticating agent. Authentication by the Registrar shall be conclusive evidence that the Obligation so authenticated has been duly issued, signed and delivered under, and is entitled to the security and benefit of, this Ordinance. The certificate of authentication may be signed by any authorized officer or employee of the Registrar or by any other person acting as an agent of the Registrar and approved by the Director of Finance on behalf of the City.

If determined by the Director of Finance, based on the advice of a financial advisor, that it will enhance the marketability of the Obligations, the Director of Finance may sign and deliver, in the name and on behalf of the City, a security agreement (the "Trust Indenture") providing for covenants of the City in addition to those contained in this Ordinance, for the establishment of a debt service reserve fund and other funds or accounts for the security of the Obligations, and other terms and conditions determined by the Director of Finance to be necessary to sell the Obligations and that are not inconsistent with this Ordinance or the Bond Indenture. In that event, the provisions in the Registrar Agreement may be incorporated in the Trust Indenture and all references to the Registrar Agreement shall mean instead the Trust Indenture and all references to the Registrar shall mean instead the trustee under the Trust Indenture. As appropriate under the Charter, the Mayor, the Director of Finance, the Director of Law, the Director of Public Utilities, the Clerk of Council and other appropriate officers of the City are, and each of them is, authorized to sign, acknowledge and deliver, in the name and on behalf of the City, such documents, certifications and instruments in addition to the Registrar Agreement and any Trust Indenture as may be necessary or appropriate to issue and sell the Obligations and to consummate the transactions authorized by this Ordinance.

Section 7. Establishment of Funds and Accounts. An account for the deposit of moneys to pay debt service on the Obligations (the "Subordinate Lien Debt Service Fund") is established as a separate deposit

account in the custody of the Bond Trustee in the Additions and Improvements Fund held by the City in accordance with the Bond Indenture. After making all payments required by Article V of the Bond Indenture to be made for the payment or security of the Bonds, there shall be deposited in the Subordinate Lien Debt Service Fund moneys sufficient to timely pay debt service on the Obligations payable in the then current year. A separate fund (the "Project Fund") shall be established for the deposit of the proceeds of the Obligations and shall be held by the City in a separate deposit account and used and applied to pay costs of the Project, including the reimbursement to the City of moneys temporarily advanced for the purpose in anticipation of being reimbursed from the proceeds of the Obligations. Moneys on deposit in the Subordinate Lien Debt Service Fund and the Project Fund may be invested by or at the direction of the Director of Finance in "Permitted Investments" as defined in the Bond Indenture. Any amounts in the Project Fund certified by the Director of Finance to be in excess of the amount needed to pay costs of the Project may be used to pay interest on the Obligations if that expenditure will not, in the opinion of bond counsel, adversely affect the exclusion of interest on the Obligations from gross income for federal income tax purposes.

Section 8. Official Statement; Continuing Disclosure. If, in the judgment of the Director of Finance, a disclosure document (an "Official Statement") is appropriate or necessary in connection with the sale of the Obligations, the Director of Finance is authorized to prepare or cause to be prepared on behalf of the City an Official Statement with respect to the Obligations and any necessary supplements and to authorize the use and distribution of an Official Statement and any supplements. The Director of Finance is authorized to sign on behalf of the City and in her official capacity the Official Statement and any supplements approved by her. The Director of Finance is authorized to sign and deliver on behalf of the City and in her official capacity such certificates in connection with the accuracy of the Official Statement and any supplements as may, in her judgment, be necessary or appropriate. The Director of Finance is also authorized to determine and certify on behalf of the City that such disclosure document is "deemed final" by the City within the meaning of Securities and Exchange Commission Rule 15c2-12 the "SEC Rule.") The Director of Finance is authorized to contract for services for the production and distribution of preliminary and final Official Statements, including by printed and electronic means.

If the SEC Rule is applicable to the Obligations, the City agrees, for the benefit of the holders and beneficial owners from time to time of the Obligations, to provide or cause to be provided such financial information and operating data and notices, in such manner as may be required for purposes of the SEC

Rule. In order to describe and specify certain terms of the City's continuing disclosure agreement for that purpose, and thereby to implement that agreement, including provisions for enforcement, amendment and termination, the Director of Finance is authorized and directed to prepare, or cause to be prepared, and to sign and deliver, in the name and on behalf of the City, a continuing disclosure agreement or certificate, which shall constitute the continuing disclosure agreement made by the City for the benefit of the holders and beneficial owners of the Obligations in accordance with the SEC Rule. The Director of Finance is further authorized to establish procedures in order to ensure compliance by the City with any continuing disclosure agreement, including the timely provision of information and notices.

Section 9. Federal Tax Covenants. With respect to any Obligations issued as obligations the interest on which is excluded from gross income for federal income tax purposes ("Tax-Exempt Obligations"), the City covenants that it will use, and will restrict the use and investment of, the proceeds of the Tax-Exempt Obligations in such manner and to such extent as may be necessary so that (a) the Tax-Exempt Obligations will not (i) constitute private activity bonds, arbitrage bonds or hedge bonds under Sections 141, 148 or 149 of the Internal Revenue Code of 1986, as amended (the Code) or (ii) be treated other than as bonds to which Section 103(a) of the Code applies, and (b) the interest thereon will not be treated as an item of tax preference under Section 57 of the Code.

The City further covenants that (a) it will take or cause to be taken such actions that may be required of it for the interest on the Tax-Exempt Obligations to be and to remain excluded from gross income for federal income tax purposes, (b) it will not take or authorize to be taken any actions that would adversely affect that exclusion, and (c) it, or persons acting for it, will, among other acts of compliance, (i) apply the proceeds of the Tax-Exempt Obligations to the governmental purpose of the borrowing, (ii) restrict the yield on investment property acquired with those proceeds, (iii) make timely and adequate payments to the federal government, (iv) maintain books and records and make calculations and reports, and (v) refrain from certain uses of those proceeds, and, as applicable, of property financed with such proceeds, all in such manner and to the extent necessary to assure such exclusion of that interest under the Code.

The Director of Finance, as the fiscal officer, or any other officer of the City having responsibility for issuance of the Tax-Exempt Obligations, is hereby authorized (a) to make or effect any election, selection, designation, choice, consent, approval, or waiver on behalf of the City with respect to the Tax-Exempt Obligations as the City is permitted or required to make or give under the federal income tax laws, including, without limitation thereto, any

of the elections provided for in Section 148(f)(4)(C) of the Code or available under Section 148 of the Code, for the purpose of assuring, enhancing or protecting favorable tax treatment or status of the Tax-Exempt Obligations or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing the rebate amount or payments or penalties, or making payments of special amounts in lieu of making computations to determine, or paying, excess earnings as rebate, or obviating those amounts or payments, as determined by that officer, which action shall be in writing and signed by the officer, (b) to take any and all other actions, make or obtain calculations, make payments, and make or give reports, covenants and certifications of and on behalf of the City, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Tax-Exempt Obligations, and (c) to give one or more appropriate certificates of the City, for inclusion in the transcript of proceedings for the Tax-Exempt Obligations, setting forth the reasonable expectations of the City regarding the amount and use of all the proceeds of the Tax-Exempt Obligations, the facts, circumstances and estimates on which they are based, and other facts and circumstances relevant to the tax treatment of the interest on and the tax status of the Tax-Exempt Obligations.

Section 10. Credit Facilities and Ratings. If the Director of Finance determines it to be in the best interests of the City, based on the written advice of a financial advisor, the Director of Finance may obtain an insurance policy, letter of credit, standby purchase agreement or other credit enhancement or liquidity instrument as further security for the payment when due of the principal of and interest on all or any portion of the Obligations (a "Credit Support Instrument"). The Director of Finance may request a rating on the Obligations from one or more nationally recognized rating organizations, and do any and all things and take any and all actions required to secure a Credit Support Instrument and/or a rating or ratings on the Obligations. The Director of Finance may enter into one or more agreements for Credit Support Instruments containing terms not materially inconsistent with this Ordinance. The expenditure of the amounts necessary to secure Credit Support Instruments or obtain those ratings is authorized and approved, and the Director of Finance is authorized to provide for the payment of any such amounts from the proceeds of the Obligations to the extent available and otherwise from any other funds lawfully available that are appropriated or shall be appropriated for that purpose.

Section 11. Financial Advisor. The Director of Finance may obtain the services of one or more financial advisors, from time to time, to assist the Director of Finance in making any of the determinations required by this Ordinance to be determined by the Director of Finance. The

Director of Finance may rely on the written advice of any financial advisor so retained. Any financial advisor employed under the authority of this Ordinance shall be disinterested in the transaction and be independent of the Original Purchasers and any other party interested in the transaction.

Section 12. Authorization and Requirement of Declarations of Official Intent. The Director of Finance, in consultation with the Director of Public Utilities, is authorized to prepare and sign declarations of official intent in the form required by United States Treasury Regulations §1.150-2 (the "Reimbursement Regulations") with respect to original expenditures to which the Reimbursement Regulations apply, to be made from money temporarily advanced for improvements to the Waterworks System and that is reasonably expected to be reimbursed from the proceeds of tax-exempt notes, bonds or other obligations; to make appropriate reimbursement and timely allocations from the proceeds of the tax-exempt notes, bonds or other obligations to reimburse such original expenditures; and to take any other actions as may be appropriate, all at the times and in the manner required under the Reimbursement Regulations in order for the reimbursement to be treated as an expenditure of such proceeds for purposes of Sections 103 and 141 to 150 of the Code. No advance from any fund or account or order for payment may be made for original expenditures (other than expenditures excepted from such requirement under the Reimbursement Regulations) that are to be reimbursed subsequently from proceeds of tax-exempt notes, bonds or other obligations, unless a declaration of official intent with respect thereto is made within the time required by the Reimbursement Regulations.

Section 13. Open Meeting Determination. It is found and determined that all formal actions of this Council and of any of its committees concerning and relating to the passage of this Ordinance were taken, and any of its committees and that all deliberations of this Council that resulted in these formal actions were held, in meetings open to the public in compliance with all legal requirements, including, without limitation, Section 121.22 of the Revised Code.

Section 14. Findings and Recitals of Validity. It is hereby determined, represented and recited that all acts, conditions and things necessary to be done precedent to and in the issuing of the Obligations in order to make them legal, valid and binding obligations of the City have happened, been done and been performed in regular and due form as required by law; and that no limitation of indebtedness or taxation, either statutory or constitutional, will have been exceeded in the issuance of the Obligations. It is further found and determined, and is represented and recited, that all applicable provisions of the City's Charter and the rules of this Council have been fully complied with and this Ordinance was passed in conformity therewith.

Section 15. Severability. Each section and each part of each section of this Ordinance is declared to be an independent section or part of a section and, notwithstanding any other evidence of legislative intent, it is declared to be the controlling legislative intent that if any such section or part of a section or any provision thereof, or the application thereof to any person or circumstance, is held to be invalid, the remaining sections or parts of sections and the application of such provisions to any other person or circumstance, other than those as to which it is held invalid, shall not be affected thereby, and it is declared to be the legislative intent that the other provisions of this Ordinance would have been passed independently of such section, or parts of a section, so held to be invalid.

Section 16. Legislative Intent. All terms, conditions, pledges, covenants or agreements on the part of the City provided for in this Ordinance are made by the voluntary act of the City under its lawful authority, including its authority under its Charter and Article XVIII of the Constitution of Ohio. Any provisions of the Codified Ordinances of the City which are inconsistent with the provisions of this Ordinance shall not apply to the Obligations authorized herein.

Nothing in this Ordinance is intended to, and no provision hereof shall be applied in any manner as would, impair the obligation of contract of the City with respect to any outstanding bonds, notes, certificates of indebtedness, other obligations, trust indentures, trust agreements, or other agreements or contracts made or entered into by the City and for which consideration was duly received by the City prior to the passage of this Ordinance.

Section 17. Emergency Measure. This ordinance is declared to be an emergency measure for the immediate preservation of the public peace, property, health and safety of the City by providing funds to pay the costs of the Project which is urgently needed for the benefit of the City and for the usual daily operation of a municipal department, and, provided this Ordinance receives the affirmative vote of two-thirds of all members elected to Council, it shall take effect and be in force immediately upon its passage and approval by the Mayor; otherwise it shall take effect and be in force from and after the earliest date allowed by law.

An emergency ordinance giving consent of the City of Cleveland to the State of Ohio for the rehabilitation of the Willow Avenue Lift Bridge; authorizing the Director of Public Service to enter into any relative agreements.

Whereas, this ordinance constitutes an emergency measure providing for the usual daily operation of a municipal department; now, therefore,

Be it ordained by the Council of the City of Cleveland:

Section 1. That it is declared to be in the public interest that the consent of the City of Cleveland is given to the Director of Transportation of the State of Ohio ("the State") to construct the following improvement under plans, specifications, and estimates approved by the State: rehabilitation of the Willow Avenue Lift Bridge over the Cuyahoga River by replacing the lift span deck and stringers, the tower span decks, tower beam connection angles, sidewalks on the lift and tower spans, the approach slabs, rehabilitation of the hoist motors, brake replacement, seating rehabilitation, interlocking system replacement, abutment joint replacement, refurbish live load supports, railing

repair and fence replacement, lying within the City of Cleveland (the "Improvement").

The City agrees to assume and contribute 100% of the cost of any items included in the construction contract, at the request of the City, which are determined by the State not eligible or made necessary by the Improvement.

Section 3. That the Director of Public Service is authorized to enter into one or more agreements with the State necessary to complete the planning and construction of the Improvement, which agreements shall contain terms and conditions that the Director of Law determines shall best protect the public interest.

Section 4. That on completion of the Improvement, the City will:

(a) Keep the affected highway open to traffic at all times;

(b) Maintain the Improvement according to the provisions of the statutes relating thereto and make ample financial and other provisions for the maintenance;

Section 5. (a) That all existing streets and public rights-of-way within the City that are necessary for the Improvement shall be made available.

(b) That the City agrees that all right-of-way required for the described project will be acquired and/or made available under current State and federal regulations. The City also understands that right-of-way costs include eligible utility costs.

(c) That arrangements have been or will be made with and agreements obtained from all utility companies whose lines or structures will be affected by the Improvement. That the companies have agreed to make any and all necessary rearrangements in such manner as to be clear of any construction called for by the plans for the Improvement. That the companies have agreed to make necessary rearrangements immediately after notification by the City or the State.

(d) That the State will participate in the costs of alterations of governmentally-owned utility facilities which come within the provisions of ODOT Directive No. 28-A to the same extent that it participates in the other costs of the Improvement, provided that such participation will not extend to additions or betterments of existing facilities.

(e) That the construction, reconstruction, and rearrangement of all utilities shall be done in a manner as not to interfere unduly with the operations of the contractor or contractors constructing the Improvement, and all backfilling of trenches made necessary by utility rearrangement shall be performed under the provisions of the ODOT Construction and Material Specifications.

(f) That the installation of all utility facilities on the right-of-way shall conform with the requirements of Title 23 CFR 645 and the ODOT Utilities Manual.

Res. No. 273-10.

By Council Members Brancatelli, Westbrook, Sweeney, Cleveland, Cummins, Mitchell, J. Johnson, Polensek, Zone, Pruitt, Kelley, Brady, Cimperman, Conwell and Mayor Jackson.

An emergency resolution urging the Obama Administration to reconsider its decision to exclude the State of Ohio from receiving TARP federal funding to support new programs to keep homeowners from losing their properties.

Whereas, the Federal government has recently announced the availability of \$1.5 billion in TARP funding to prevent home owners from losing their homes to foreclosure; and

Whereas, the State of Ohio was excluded from the list of states which received the special TARP funding; and

Whereas, Ohio has been highly impacted by the foreclosure crisis and was one of the bell weather states of the foreclosure crisis; and

Whereas, due to the lack of regulatory oversight at the Federal level of government, much of Ohio's foreclosures are linked to fraudulent and predatory loans; and

Whereas, in the last quarter of 2009, 15.7 percent of all Ohio mortgage holders were in foreclosure or their payments were more than a month late; and

Whereas, in 2009 Ohio experienced 89,053 commercial and residential foreclosures; and

Whereas, Cuyahoga County lead the nation in 2006 with 13,600 residential foreclosures; and

Whereas, Cuyahoga County is estimated to have 14,000 residential foreclosures in 2010; and

Whereas, vacant properties degrade and devalue the quality of life for remaining residents, isolating and weakening the neighborhood, and increasing the likelihood that property values will continue to decline; further abandonment will set in, as demonstrated by a recent study by CWRU/NEO-CANDO indicating that in the City of Cleveland properties lose 70% of their value following foreclosure; and

Whereas, vacant foreclosed properties often become a breeding ground for crime and fires, and require a disproportionate amount of government maintenance, for securing properties against criminal activity, removal of garbage and rodents, including elimination of blight through demolition, all at a cost to taxpayers; and

Whereas, vacant properties reduce city tax revenue in three ways: they are often tax delinquent; their low value means they generate little in taxes; and they depress property values across an entire neighborhood; and

Whereas, the citizens who live in neighborhoods with many vacant and abandoned properties have great difficulty obtaining homeowner's insurance, mortgages and loans for home improvements; and

Whereas, due to the flood of foreclosures in Cleveland and other weak market neighborhoods in Ohio,

banks walk away from properties by not taking back property titles leaving the property abandoned; and

Whereas, a study commissioned by Cuyahoga County, conducted by Cleveland State University, has found that HUD certified counselors funded by the county have a 52% success rate in advverting foreclosures; and

Whereas, foreclosure mitigation and the potential refinancing of bad mortgages is a proven tool to reduce the impacts of the foreclosure crisis; and

Whereas, the Obama Administration should reconsider its funding allocation of TARP funds assisting home owners to prevent foreclosures; and

Whereas, this resolution constitutes an emergency measure for the immediate preservation of public peace, property, health, or safety, now, therefore,

Be it resolved by the Council of the City of Cleveland:

Section 1. Urging the Obama Administration to reconsider its decision to exclude the State of Ohio from receiving TARP federal funding to support new programs to keep homeowners from losing their properties.

Section 2. That the Clerk of Council is hereby directed to transmit copies of this resolution to the Honorable Barack Obama, President of the United States, Governor Ted Strickland, State of Ohio, U. S. Senator George Voinovich, Ohio, U.S. Senator Sherrod Brown, Ohio, U.S. Congressman Dennis Kucinich, 10th District, Ohio, U.S. Congressman Steven LaTourette, 19th District, Ohio, U.S. Congresswoman Marcia Fudge, 11th District, Ohio and James Rokakis, Cuyahoga County Treasurer.

Section 3. That this resolution is hereby declared to be an emergency measure and, provided it receives the affirmative vote of two-thirds of all the members elected to Council, it shall take effect and be in force immediately upon its adoption and approval by the Mayor; otherwise, it shall take effect and be in force from and after the earliest period allowed by law.
